

U.S. DOT Grant Program Management

The U.S. Department of Transportation (DOT) Pipeline and Hazardous Materials Safety Administration (PHMSA) has partnered with the DOE's HAMMER Federal Training Center.

Together, HAMMER and PHMSA are providing education and outreach for grant recipients whose job it is to protect the public from hazardous materials accidents.

HAMMER provides top-to-bottom program management services from planning through punch list. When people need training, HAMMER delivers.

HAMMER Program Management:

- Develop & deliver high-tech and effective training
- Access to nationally recognized subject matter experts
- Needs analysis, planning, budgeting, and reporting
- Access to partnerships throughout HAZMAT & response community
- Collaborative relationships with government, tribes, labor and industry
