

LAW ENFORCEMENT TRAINING

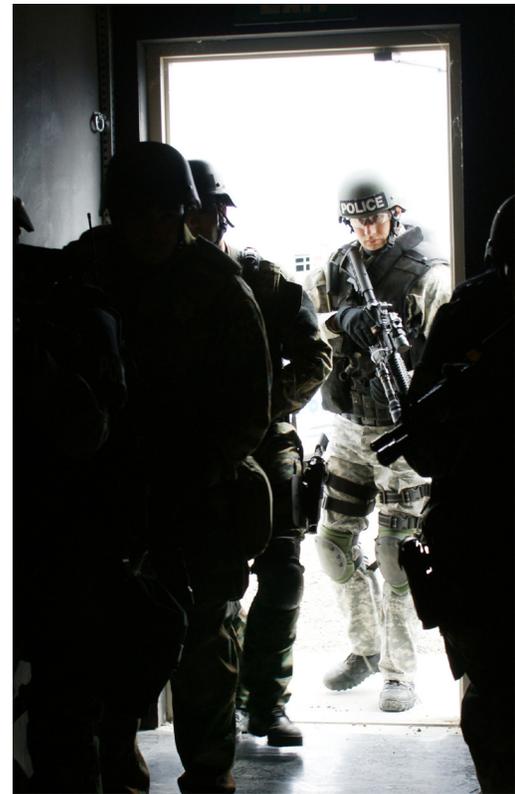

HAMMER provides hands-on props that effectively prepare forces to protect the interests of their communities.

- Six story tower for high-angle rope training
- Confined Space and Trench Prop
- Helicopter landing area
- Multiple venues to facilitate a variety of scenarios

HAMMER's facility makes it one of the best sites in the nation for conducting performance-based law enforcement training.

HAMMER offers an 88-acre campus with customizable props to meet a wide range of law enforcement training and exercise needs. Agencies can train using their equipment, procedures, and instructors* to ensure the most realistic and valuable training scenarios possible.

*Live fire training is not permitted on the HAMMER campus.
